

ParentHub

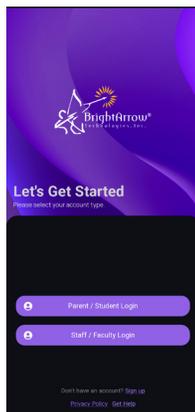

BrightArrow's School-to-Parent Communication App

Logging Into ParentHub

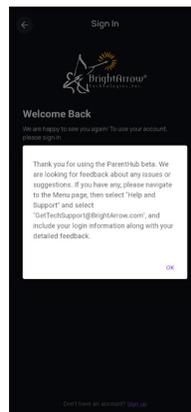

Logging into ParentHub is designed to be simple and user-friendly. Our goal is to make accessing the platform as straightforward as possible, whether you're a parent or a student. With just a few quick steps, you can securely log in and start using all the features ParentHub has to offer.

Step 1:
Click on **Parent/Student Login**

Note: If you don't have an account yet, please follow the instructions to create a ParentHub account.

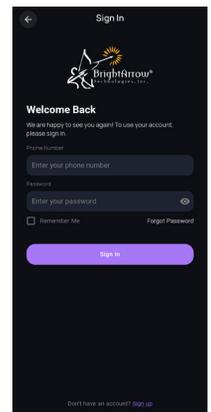

Step 2:
Enter your **Phone Number** and **Password**, then click **Sign In**.

Why do I see this message when I log in?

ParentHub is in Beta, and we're actively updating it. You might notice frequent changes as we refine features. We appreciate your patience during this process.

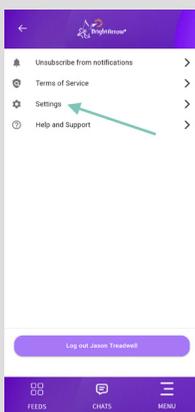

Change My ParentHub Password

If you already know your password and simply want to update it, you can easily do so directly within the app. Navigate through these steps to change your password quickly and securely, without any hassle.

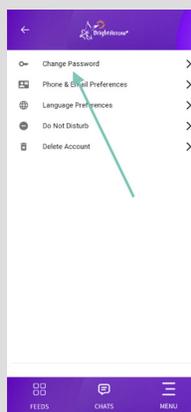

Log into ParentHub

Click on the **Menu** at the bottom.

From the Menu click on **Settings**.

Next click on **Change Password**

Enter your current password in the first box and your desired new password in the next 2 boxes.

Click **Submit**.

You will receive a confirmation saying that your changes have been saved.
