Manage Your Notification Subscriptions

When you log in for the first time, you might encounter a prompt asking you to subscribe to notifications. This message is designed to ensure that you don't miss any important updates or alerts related to your account.

By default, notifications are off, but adjusting the settings is easy.

1. Click on the Menu at the bottom
2. From the Menu, click on Subscribe to Notifications
3. You will receive a confirmation that you have been registered for Push Notification
4. Click the same option again and it will unsubscribe you from Push Notifications
